Summary of reasons for decision:

The computer image file is a sexualised photo of a nude boy. The image exploits the nudity of children or young persons to such a degree that its availability is likely to be injurious to the public good. An objectionable classification interferes with the right to freedom of expression as set out in s14 of the New Zealand Bill of Rights Act 1990. However, this is a reasonable limitation on the right to freedom of expression given the risk of injury to the public good from the availability of this image.
